

SHAHIL ABBASS

Data Scientist

+91 9526639276 — shahilabbas801@gmail.com

LinkedIn — GitHub — Portfolio

PROFESSIONAL SUMMARY

Aspiring Data Scientist with hands-on experience in Machine Learning, Deep Learning, Computer Vision, and NLP. Skilled in Python, TensorFlow, Scikit-learn, Pandas, OpenCV, and FastAPI for building AI-powered applications, predictive models, and Generative AI solutions.

TECHNICAL SKILLS

Programming: Python

Machine Learning: Scikit-learn, TensorFlow, Keras, PyTorch

Data Analysis: NumPy, Pandas, Matplotlib, Seaborn, Power BI, Tableau

AI and Computer Vision: OpenCV, YOLO, NLP, Hugging Face, LangChain

Databases: MySQL, MongoDB

Tools: Jupyter Notebook, Google Colab, VS Code, PyCharm, Git

PROJECTS

AETHER BI Assistant

Source Code

Technologies: Python, Flask, SQLite, Pandas, JavaScript, Tailwind CSS, Plotly, Ollama, Llama 3.2

- Developed a Generative AI-based Business Intelligence assistant for automated data analysis and decision support.
- Built a Natural Language to SQL engine using Ollama Llama 3.2 to convert user queries into database operations.
- Implemented interactive dashboards with Plotly including charts, KPI metrics, and analytical visualizations.
- Integrated CSV and Excel data upload with automatic schema detection and SQLite database processing.
- Added forecasting and AI-generated insights for business data interpretation.

AI Voice Assistant using Python and NLP

Source Code

Technologies: Python, NLP, SpeechRecognition, pyttsx3, OpenCV, PyAudio

- Developed a voice-controlled AI assistant using speech recognition and natural language processing.
- Implemented speech-to-text and text-to-speech communication for interactive conversations.
- Built automation features for command execution and intelligent responses.

Gesture Control PC

Source Code

Technologies: Python, OpenCV, MediaPipe, NumPy, PyAutoGUI

- Developed a real-time hand gesture recognition system for controlling PC operations.
- Implemented hand tracking and gesture detection using OpenCV and MediaPipe.
- Created virtual mouse functionalities including cursor movement, clicking, and scrolling.

INTERNSHIP EXPERIENCE

Data Scientist Intern — SMEC Technologies

Sep 2025 – Jun 2026

- Performed data preprocessing, cleaning, and exploratory data analysis using Python libraries including Pandas and NumPy.
- Developed machine learning models for classification and prediction using Scikit-learn.
- Evaluated models using accuracy, precision, recall, and F1-score metrics.
- Applied feature engineering, data transformation, and optimization techniques to improve model performance.
- Created visualizations and dashboards to communicate analytical findings.

EDUCATION

Diploma in Computer Engineering

Government Polytechnic College Kasaragod

2022–2025

CGPA: 8.15

CERTIFICATIONS

• Professional Certification in AI & ML with Data Science — SMEC Technologies

Sep 2025 – Mar 2026

• Data Analytics — SMEC Technologies

Oct 2025 – Feb 2026

• Power BI — SMEC Technologies

Feb 2026 – Mar 2026

LANGUAGES

English — Malayalam
